Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SA00187DE

This certificate, issued to Oilamatic, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number:

A1EA

Make:

Piper Aircraft Corporation

Model:

PA-30 and PA-39

Description of the Type Design Change:

Installation of Oilamatic Preoiler system in accordance with FAA Approved Oilamatic, Inc. Drawing List No. PA30400, Revision N/C, dated August 1, 1995, FAA Approved October 5, 1995 or later FAA approved revision.

Limitations and Conditions:

1. FAA Approved Airplane Flight Manual Supplement, Rev N/C, dated October 5, 1995 or later FAA approved revision is required.
2. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 6, 1993

Date reissued:

Date of issuance: October 5, 1995

Date amended:

By direction of the Administrator
